

A photograph of two men standing in a field of tall grass under a cloudy sky. The man on the left is wearing a plaid shirt and holding a pair of orange-handled shears. The man on the right is wearing a green shirt and a cap, gesturing with his hand. A car is partially visible in the background.

# SAFER FARMS IN OUR COMMUNITY

WorkSafe inspectors will be visiting farms in your area from March 2016.

An Inspector may come to your property to talk with you about safety on your farm. Health and Safety being part of everyday farming means systems need not be complex so long as they meet the needs of your business and keep everyone safe. Working with you we are focusing on looking after people, farm workers, contractors, farm visitors, yourself and your family.

We are happy to meet on farm or you can book a convenient time for us to come and see you by calling **Kay Douglas** on **06 975 5564** or emailing to:  
**[kay.douglas@worksafe.govt.nz](mailto:kay.douglas@worksafe.govt.nz)**

**SAFERFARMS.ORG.NZ**

**KEEP SAFE, KEEP FARMING**

# WHEN AN INSPECTOR CALLS

---

## AN INSPECTOR MAY DISCUSS:

- *Risk management*
- *Training/supervision*
- *Emergency planning/Incident follow up*
- *Contractor and visitor control*
- *Chemical Handling*
- *Vehicle safety*
- *Occupational health*
